

Updates

- 🐾 All the lemurs are adopted before their arrival. Thanks new adoptive parents.
- 🐾 CARE research projects bring CARE
- 🐾 New interns Sarah and Liz arrive.
- 🐾 84 Lumber donate materials for lemur house.
- 🐾 Triple B Builders of Arizona donate labor and tools to complete the lemur habitat.
- 🐾 Local High School Students ready for college by aiding in research projects.
- 🐾 Source Group orchestrates safe arrival of the lemurs.

Upcoming Birthday's

- 🐾 Roscoe turns 20 years old on March 24. What a wonderful life he has shared with us all at CARE.
- 🐾 Sydney was born 11 years ago on March 17.

Volunteer Corner

Destiny Krahn has lived at CARE her whole life. She has now stepped up by organizing research projects. Destiny has been solely responsible for collecting DNA samples for all of CARE's big cats for Texas A&M. She has also organized and overseen an observation big cat data collection project in conjunction with NYU@Buffalo. Thank you Destiny for your dedication and commitment to the animals of CARE.

84 Lumber Lemur House a Success

Thanks to 84 Lumber and Triple B Builders of Chandler, Arizona the Lemur House was completed before the 5 bouncy lemurs arrived in December. Their state of the art enclosure features; heat and air, a large indoor living area, a large live tree to play in and a large 1,600 sq ft home with 16 ft tall top for maximum climbing and jumping. The lemurs are extremely gentle and have quickly found their way into all of our hearts.

The "84 Lumber Lemur House" would not have been possible without the gifts of many wonderful people. For a full list of donors and adoptive parents please see our website at www.bigcatcare.org. If you would like to reserve a time for the lemur encounter please contact us at info@bigcatcare.org.

Announcement of a Successful 2011

We are happy to announce one of the best financial years for CARE. 2011 brought much adversity due to lack of water, record breaking heat, drought and wild fires. Thank you everyone who stepped forward to save the day. Many long term goals were completed this year including; the facility expansion (tripled the size of the facility), cleaned and landscaped the fields, had new wells dug and a holding tank for water delivered and finally added 5 fuzzy lemurs to our family. None of this would have been possible without the generous contributions of many great giving people. We closed 2011 with all of our animals adopted. The greatest success of 2011 is the continued loving care given by many individuals who give the animals the greatest home possible. We at CARE want to continue building, improving, and bettering the lives of our exotic animals all through 2012! Please help us to continue our efforts as we give our animals the best possible home that we can give! We couldn't do it without supporters like you! Thank you for being a part of the CARE family.

Volunteers are what makes CARE the wonderful place it is. If you would like to be a part of the driving force of CARE please email us at info@bigcatcare.org.
